Paula,

Looks like next Monday would be the best time for us. Everyone looks open all day except I have an ASTSWMO conference call from 11 -12.

Also, the list of questions didn't seem to be attached to the e-mail.

Let me know if Monday doesn't work and I will try to find some other openings.

Doug/Craig – Martin Hestmark would like to have a meeting with you and Monica Sheets regarding the Upper Animas. EPA received a request from the San Juan County Commissioners to meet and discuss the NPL listing. They have provided a list of questions that they would like us to answer.

Martin will be meeting with the county commissioners at their work session on Wednesday evening, April 23rd in Silverton. Do you have some time later this week or early next week to meet – perhaps even by phone? I will coordinate a time that works for Martin, et. al. at EPA.

I've attached the list of questions that the commissioners sent us. We are preparing a communication strategy for a briefing with Martin tomorrow morning (Wednesday) and we will send you a copy of the communication strategy after the briefing. Please give me a call as soon as possible.

Thank you.
